Subject: Supplier Commendation

I confirm that I have dealt with Tianye Tolian since 2010, during which time they have provided my business and my clients with excellent support in the areas of engineering, manufacturing and aftercare sales in the supply of heavy lifting equipment, special transporters and material handling equipment for steel mills, shipyards and logistics businesses.

Their work has been a major factor in our business success, helping it to become one of the most competitive heavy equipment suppliers in the global market. Below is some of past projects awarded to Tianye Tolian. The supplied equipment are still in service under satisfactory condition.
